

2018 Comprehensive Formulary

(List of Covered Drugs)

PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION ABOUT THE DRUGS WE COVER IN THIS PLAN

This formulary was updated on 07/27/2017. For more recent information or other questions, please contact TEAMStar Medicare Part D (PDP) Customer Service at 1-866-524-4173 or, for TTY users, 711, 7 days a week, from 8:00am to 8:00pm in your local time zone, or visit <http://www.teamstarpartd.com>.

Note to existing members: This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

2018 TEAMStar Medicare Part D (PDP) Formulary

When this drug list (formulary) refers to “we,” “us,” or “our,” it means United American Insurance Company. When it refers to “plan” or “our plan,” it means TEAMStar Medicare Part D (PDP).

This document includes a list of the drugs (formulary) for our plan which is current as of 07/27/2017. For an updated formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network and/or copayments/coinsurance may change on January 1, 2019, and from time to time during the year.

What is the TEAMStar Medicare Part D (PDP) Formulary?

A formulary is a list of covered drugs selected by TEAMStar Medicare Part D (PDP) in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. TEAMStar Medicare Part D (PDP) will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a TEAMStar Medicare Part D (PDP) network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

Can the Formulary (drug list) change?

Generally, if you are taking a drug on our 2018 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2018 coverage year except when a new, less expensive generic drug becomes available or when new adverse information about the safety or effectiveness of a drug is released. Other types of formulary changes, such as removing a drug from our formulary, will not affect members who are currently taking the drug. It will remain available at the same cost-sharing for those members taking it for the remainder of the coverage year. We feel it is important that you have continued access for the remainder of the coverage year to the formulary drugs that were available when you chose our plan, except for cases in which you can save additional money or we can ensure your safety.

If we remove drugs from our formulary, or add prior authorization, quantity limits and/or step therapy restrictions on a drug, or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 60 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 60-day supply of the drug. If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug's manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug. The enclosed formulary is current as of 07/27/2017. To get updated information about the drugs covered by TEAMStar Medicare Part D (PDP), please contact us. Our contact information appears on the front and back cover pages.

How do I use the Formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The formulary begins on page 2. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, “Cardiovascular/Hypertensive/Lipids.” If you know what your drug is used for, look for the category name in the list that begins on page 2. Then look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 67. The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

TEAMStar Medicare Part D (PDP) covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs cost less than brand name drugs.

What are low cost generic drugs?

Union-Designated pharmacies will fill Low Cost Generics at a low copay of \$2 for a one-month supply. For more details, please go to <http://www.teamstarpartd.com> to download the list of Low Cost Generics and Union-Designated pharmacies.

Are there any other restrictions on coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** TEAMStar Medicare Part D (PDP) requires you (or your physician) to get prior authorization for certain drugs. This means that you will need to get approval from TEAMStar Medicare Part D (PDP) before you fill your prescriptions. If you don't get approval, TEAMStar Medicare Part D (PDP) may not cover the drug.
- **Quantity Limits:** For certain drugs, TEAMStar Medicare Part D (PDP) limits the amount of the drug that we will cover. For example, TEAMStar Medicare Part D (PDP) provides 34 pills per prescription for Zetia. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, TEAMStar Medicare Part D (PDP) requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, TEAMStar Medicare Part D (PDP) may not cover Drug B unless you try Drug A first. If Drug A does not work for you, TEAMStar Medicare Part D (PDP) will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 2. You can also get more information about the restrictions applied to specific covered drugs by visiting our website. We have posted online documents that explain our prior authorization, quantity limits, and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask TEAMStar Medicare Part D (PDP) to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, "How do I request an exception to the TEAMStar Medicare Part D (PDP)'s formulary?" below for information about how to request an exception.

What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Customer Service and ask if your drug is covered.

If you learn that TEAMStar Medicare Part D (PDP) does not cover your drug, you have two options:

- You can ask Customer Service for a list of similar drugs that are covered by TEAMStar Medicare Part D (PDP). When you receive the list, show it to your doctor and ask him or her to prescribe a similar drug that is covered by TEAMStar Medicare Part D (PDP).
- You can ask TEAMStar Medicare Part D (PDP) to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to the TEAMStar Medicare Part D (PDP)'s Formulary?

You can ask TEAMStar Medicare Part D (PDP) to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.

- You can ask us to cover a formulary drug at a lower cost-sharing level (if this drug is not on the specialty tier). If approved this would lower the amount you must pay for your drug.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, TEAMStar Medicare Part D (PDP) limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, TEAMStar Medicare Part D (PDP) will only approve your request for an exception if the alternative drugs included on the plan's formulary, the lower cost-sharing drug, or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a formulary, tiering, or utilization restriction exception.

When you request a formulary, tiering, or utilization restriction exception you should submit a statement from your prescriber or physician supporting your request. Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

What do I do before I can talk to my doctor about changing my drugs or requesting an exception?

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or if your ability to get your drugs is limited, we will cover a temporary 34-day supply (unless you have a prescription written for fewer days) when you go to a network pharmacy. After your first 34-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility, we will allow you to refill your prescription until we have provided you with up to a 98-day transition supply, consistent with dispensing increment, (unless you have a prescription written for fewer days). We will cover more than one refill of these drugs for the first 90 days you are a member of our plan. If you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 34-day emergency supply of that drug (unless you have a prescription for fewer days) while you pursue a formulary exception.

What if there is a change in my level of care?

A level of care change is defined as when enrollees:

- Enter long term care (LTC) facilities from hospitals or other settings;
- Leave LTC facilities and return to the community;
- Are discharged from a hospital to a home;
- End a skilled nursing facility (SNF) stay covered under Medicare Part A (where all pharmacy charges are covered), and must revert to coverage under their Part D plan formulary;
- Revert from hospice status to standard Medicare Part A and B benefits; and
- Are discharged from psychiatric hospitals with medication regimens that are highly individualized

While Part A does provide reimbursement for "a limited supply" to facilitate beneficiary discharge, you must be permitted to have a full outpatient supply available to continue therapy once this limited supply is exhausted. Level of Care supplies will be available for your prescription, when appropriate, that are received at retail, home infusion, or mail order.

We do not use an early-refill restriction to limit appropriate and necessary access to your Part D benefit. In instances where you are admitted to, or discharged from, a long term care facility, we allow you to access a refill upon admission or discharge. However, we may use early-refill restrictions for safety reasons.

For more information

For more detailed information about your TEAMStar Medicare Part D (PDP) prescription drug coverage, please review your Evidence of Coverage and other plan materials.

If you have questions about TEAMStar Medicare Part D (PDP), please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call Medicare at 1-800-MEDICARE (1-800-633-4227) 24 hours a day/7 days a week. TTY users should call 1-877-486-2048. Or, visit <http://www.medicare.gov>.

TEAMStar Medicare Part D (PDP)'s Formulary

The formulary that begins on page 2 provides coverage information about the drugs covered by TEAMStar Medicare Part D (PDP). If you have trouble finding your drug in the list, turn to the Index that begins on page 67.

The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., **PRILOSEC**) and generic drugs are listed in lower-case italics (e.g., *omeprazole*).

The information in the Requirements/Limits column tells you if TEAMStar Medicare Part D (PDP) has any special requirements for coverage of your drug.

Low Cost Generics Program

Through our Low Cost Generic Program, members can receive a 1-month supply of certain Generic drugs for only \$2 when filled at a Union-Designated pharmacy. All strengths and dosage forms of a covered drug may not be eligible for the Low Cost Generic Program. Please refer to the flyer you received entitled "Low Cost Generic Program for 2018" to see which drugs are covered under this program.

List of Abbreviations

B/D: This prescription drug has a Part B versus D administrative prior authorization requirement. This drug may be covered under Medicare Part B or D depending upon the circumstances. Information may need to be submitted describing the use and setting of the drug to make the determination.

EA: Each.

PA: Prior Authorization. TEAMStar Medicare Part D (PDP) requires you [or your physician] to get prior authorization for certain drugs. This means that you will need to get approval from TEAMStar Medicare Part D (PDP) before you fill your prescriptions. If you don't get approval, TEAMStar Medicare Part D (PDP) may not cover the drug.

QL: Quantity Limit. For certain drugs, TEAMStar Medicare Part D (PDP) limits the amount of the drug that TEAMStar Medicare Part D (PDP) will cover. For example, TEAMStar Medicare Part D (PDP) provides 34 pills per prescription for Zetia. This may be in addition to a standard one month or three month supply.

ST: Step Therapy. In some cases, TEAMStar Medicare Part D (PDP) requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, TEAMStar Medicare Part D (PDP) may not cover drug B unless you try Drug A first. If Drug A does not work for you, TEAMStar Medicare Part D (PDP) will then cover Drug B.
